

Problem Solvers Since 1732

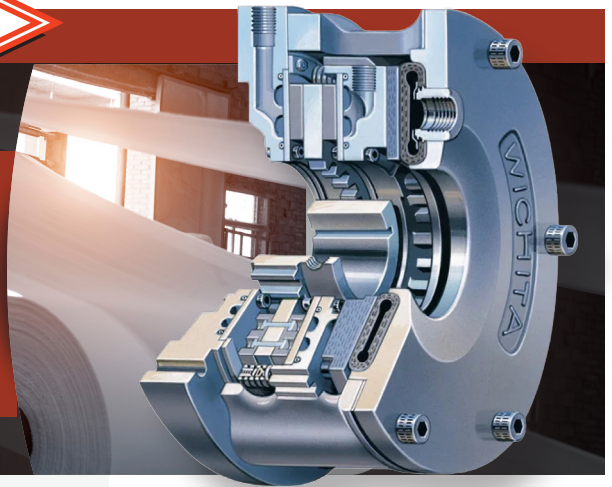

THE  
**ROWLAND**  
COMPANY

## INDUSTRIES

Oil and Gas  
Mining and Cement  
Marine  
Can Making  
Pulp and Paper  
Metalworking  
Logging

**Authorized  
Distributor of  
Regal Rexnord  
Products**

# Regal Rexnord™

The Rowland Company, as an authorized distributor, provides high-quality products from Regal Rexnord's family of brands. Here's just a sampling of the manufacturers we offer.

### Wichita Clutch

Founded in 1949, Wichita Clutch products are available in a wide variety of designs and mounting configurations to suit all kinds of applications.

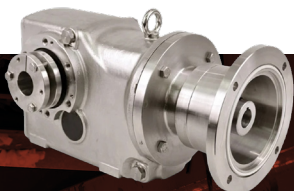

*Air tube disc clutches and brakes, tension brakes, fluid couplings*

### Stromag

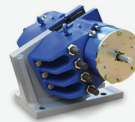

Stromag's extensive product range includes hydraulically, pneumatically, and electrically actuated clutches and brakes.

*Disc brakes, drum brakes, storm brakes, flexible couplings, torsional couplings, limit switches*

### Twiflex

By selecting the thruster, number of calipers, disc size, and actuation pressure, Twiflex brakes can be dialed in to meet your torque and space requirements

*Caliper disc brakes, centrifugal clutches*

### Warner Electric

Warner Electric offers electric clutches and brakes for a variety of mounting arrangements and operating requirements. Enclosed and washdown versions are available for some product lines.

*Shaft, foot, and C-face mounted clutches and brakes*

### Industrial Clutch

Industrial Clutch manufactures a complete line of dry and wet clutches and brakes for heavy duty applications.

*Air, hydraulic, and spring-set clutches and brakes, combination clutch/brakes*

### Ameridrives

Ameridrives flexible couplings and driveshafts are used anywhere two shafts need to be coupled. High speed and high misalignment designs are available.

*Disc couplings, diaphragm couplings, car-dan driveshafts*

### Formsprag Clutch

Formsprag products are self-actuated and don't require electricity, pneumatics, or hydraulics to operate. A variety of mounting options are available.

*Overrunning clutches, backstops, clutch couplings*

### Nuttall Gear

Nuttall Gear's impressive manufacturing experience means they not only produce and repair Nuttall products, but can also re-produce and repair most competitor gears and reducers.

*Worm gears drives, helical gear drives, custom gearing*

### Boston Gear

Since the 1800's, Boston Gear has been providing innovative and dependable products for a variety of industrial applications.

*Worm gears drives, bevel gear drives, helical reducers, centrifugal clutches, torque-limiting clutches*

### TB Woods

TB Woods draws from over 150 years of experience to bring you high quality mechanical transmission products.

*Flexible couplings, bushings, sheaves*
